The University of Richmond must comply with the Drug Free Schools and Communities Act (DFSCA) (20 U.S.C.1011i; 34 C.F.R part 86) as well as the Drug Free Workplace Act which requires a drug free campus environment. Failure to comply with the DFSCA, can result in loss of federal funding such as financial aid.

1002.6 – Sanctions for Alcohol, Tobacco and Other Drugs

Student Sanctions

Students and recognized organizations that violate the Alcohol, Tobacco and Other Drug Policy will be subject to sanctions as outlined in Article VII of the Standards of Student Conduct, up to and including separation from the University. Sanctions are determined based on the nature and circumstances of the case. severity of the disciplinary action for violations of this policy shall be determined on a case-by-case basis. Additionally, employees may be referred to an appropriate substance misuse assistance or rehabilitation program.

1002.7 – Federal and Commonwealth of Virginia Penalties
In addition to University policies for alcohol, tobacco, marijuana and drugs, members of the campus community are also required to abide by federal and state laws governing consumption, sale or possession of alcohol, tobacco, marijuana and other drugs. University of Richmond Police Department reserves the right to issue a citation for violation of state or federal laws when deemed appropriate.

Federal and Virginia law penalizes the unlawful manufacturing, distribution, use and possession of controlled substances, including prescription drugs. Synthetic designer drugs, such as bath salts, contain mixtures of many different chemicals, including those that resemble cocaine, methamphetamines, and MDMA. Federal law makes the distribution of “analogue” substances marketed for human consumption illegal if those substances are chemically similar to scheduled illegal drugs and have the same pharmacological effects on the user. The penalties vary based on many factors, including the type and amount of drug involved and whether there is intent to distribute. Federal law holds that any person who distributes, possesses with intent to distribute, or manufactures a controlled substance within one thousand feet of an educational facility is subject to doubling of the applicable maximum punishments and fines. A similar Commonwealth of Virginia law carries sanctions between one- and five-year’s imprisonment and up to a $100,000 fine for similar violations.

Virginia Laws Governing Alcohol, Tobacco & Drugs
Virginia’s Alcoholic Beverage Control Act contains a variety of laws governing the possession, use and consumption of alcoholic beverages. The Virginia’s Alcoholic Beverage Control Act applies to all students and employees of the University.

The unlawful possession, distribution, and use of controlled substances and illegal drugs, as defined by the Virginia Drug Control Act, are prohibited in the Commonwealth of Virginia. 3. Marijuana and Other Drugs

- **Marijuana**

  Virginia law may allow certain marijuana related activities, such as limited medical marijuana use and other recreational use and possession. However, using and possessing marijuana in any form, including without limitation tinctures, edibles and topicals, remains a crime under federal law. At the federal level, the Controlled Substances Act criminalizes the growing and use of marijuana, and it is well settled that federal enforcement agencies can prosecute users and growers of marijuana. As a controlled substance, use and possession of marijuana is also prohibited by the [Standards of Student Conduct](#) and is not permitted on campus. In addition to being a federal offense under the act, use of medical marijuana in the workplace and on campus is restricted by federal laws, such as the Drug-Free Workplace Act and the Drug-Free Schools and Communities Act.
